Envision Your Own Sabai Thai Spa

Imagine entering your Sabai Thai Spa

Conveniently located in a variety of possible settings — shopping centers, street-front, or standalone locations — we have shown they can all work well with the Sabai Thai Spa business model.

You and your guests are welcomed by a comfortable, Thai-inspired reception area and waiting room, with music and aromas that are designed to soothe and comfort. Then, you enter the rest of your carefully built out 2,500 square feet of space, including ten treatment rooms, even a couple's room, and other carefully curated amenities.

Rest assured, you will have ample guidance from us, based on our experience with opening and operating multiple spa locations over the years. It's all designed to help ensure you capture the essence of the Sabai Thai Spa brand in your own location.

Are You the Ideal Sabai Thai Spa Franchise Candidate?

To qualify to become a Sabai Thai Spa franchise owner, candidates must have a blend of desired hard and soft skills. Here are the key qualifications and attributes we evaluate:

1. Background Experience:

While prior experience in the spa, wellness, or similar industries is not mandatory, we do expect you to take on a managerial role in your spa location. This includes overseeing trained therapists and emphasizing guest service, management, people skills, team leadership, and a collaborative spirit.

2. Previous Business Experience: It's advantageous if you have previous experience in owning a business, working in customer-facing roles, or managing employees.

3. Operational Involvement and Vision: Franchisees should initially be directly involved in the day-to-day operations of their spa. We also want to ensure you align with our vision, valuing quality, consistency, and exceptional guest satisfaction.

4. Ownership and Management Structure: If you, as a majority shareholder, will not be engaged full-time in the spa's operations, we will want you to appoint an Operating Principal who holds a minimum equity share in the franchised location.

5. Financial Requirements: You should ideally have a net worth of between \$900,000 and \$1.4 Million, and at least 30% of that in liquid capital.

These criteria ensure that our franchisees are well-equipped to uphold the standards of Sabai Thai Spa and contribute to the brand's growth ...as well as the growth of their own local business!
